

## **Policy Statement Environmental**

Ground Below Pty Ltd recognises the conservation of the environment is one of the most important issues within our community.

We recognise the importance of achieving and maintaining a high standard of care during all of our work activities.

Ground Below seeks the combined efforts of all employees (including subcontractors) to ensure the effectiveness and success of our approach to the environment. Across our business and all site activities, we are committed to:

- Preventing damage and harm to the environment
- Establishing environmental plans (where required) to set out the responsibilities of our staff and the processes to follow to minimise any environmental impact
- Ensuring that all work practices comply with the relevant Government, Council or state obligations
- Monitoring our work and evaluating our performance
- Ensuring all of our subcontractors operate in an environmentally responsible manner and adhere to all requirements
- Performing project closeout reviews to ensure all lessons have been learned and that our performance improves over time
